A 70's CLASSIC - BUILT FOR MODERN LIVING!

With an elevated position and an impressive street presence, this 70's classic showcases all the architectural features of that era, redefining the way homes were built and how the modern family wants to live.

Solid construction with large windows to capture light, wide hallways, split levels and of course the big lounge room where the whole family can gather. It introduced open plan living - where cooking, dining and entertaining became one and moved from indoors spilling out into the backyard. THIS HOME ENCAPSULATES ALL THOSE FEATURES PERFECTLY! THEN ADDED A WHOLE LOT MORE!

Sitting comfortably on a 726sqm block this home is family sized - the 4 bedrooms are generous, the master includes built in robes and they all feature beautiful parquet floors for warmth underfoot and that timeless appeal. There are two bathrooms - the first on the upper split level next to the bedrooms and the second positioned on the ground level, integrated with the laundry - handy for tradies or for those who love to work on their cars in t
